Couture: Girls & Boy

Collection of luxurious wall prints

“As our fashion dresses our bodies, wallpaper dresses our walls. Wallpaper and fashion mediate between our naked bodies and architecture. In this way, architecture and man can live together with the sophisticated illusion of Couture.”

- Marcel Wanders

Suzanne, Alice, Grace, Kelly, Audrey, Isabella, Stella and Henry - multi-dimensional patterns fill wall space with gorgeous tartans, floral trails and masque print in beiges, chocolates, golds, oranges, reds and deep violet tones.
