# Product Description

MARCEL WANDERS STUDIO PRESENTS  
LADY JANE COLLECTION

## Styling Chair

The Styling Chair is reimagined for the Lady Jane Collection. With thicker foam and following the human body at rest, the chair is comfortable and features a slick metallic base. Appointed with an iconic golden flower detail it connects visually with the rest of the salon pieces perfectly.

## Shampoo Unit

The Shampoo Unit offers a seamless integrated lounge chair that is both welcoming and elegant. Curved to embrace its guest, this chair and wash basin form a comfortable stylish lounge. As it reclines and with a massage option, this single pampering unit transforms into a tranquil oasis.

## Collar Mirror

Grand in size, this iconic collar mirror reflects its own beauty. The piece is framed with a beautiful lit ring that is poetically contoured like the collar folds of the royal attire from the 16th century. This beauty comes in all sizes: island station, wall, oval and grand centre piece.

## Ballet 1 Collar

A true center piece. The glossy Ballet 1 Collar radiates beauty with its graceful appearance while elevating the striking Collar Mirror. The styling station is designed for either 2 or 4 places and comes with drawers, hair dryer holders and electrical sockets.

### **Leather Framed Mirrors**

Each mirror has been designed with an upholstered frame that adds yet another layer of luxury. The Ring Type is a solid band that circles the entire mirror encasing it in a flowery pattern. This slick mirror comes in all sizes: island station, wall, oval and grand centre piece.

### **Reception Desk**

The reception desk is designed with a soft curved edge to be inviting and approachable. Featuring the signature pattern of the lily leaves overlapped, the piece is complete with a shelf for convenient registration and check out. The reception desk is offered in sizes of 200cm, 150cm and the smallest, 100cm thus fitting every space.

### **Trolley** *(to be launched soon)*

The trolley is a mobile tool kit with curves to match those of the reception desk. Designed with a gold coloured metal flower pull on the front and spacious drawers within, it is convenient and graceful. Set on casters it can be placed anywhere in the salon to deliver beauty everywhere.

### **Ballet Bench**

The plush Ballet Bench adds comfort and elegance to the salon's waiting area. An upholstered double seat adorned with a refined lotus pattern.
